파트 2-p252 답

This is a picuter of a check-out counter at a supermarket. There are many people in this picture. On the right side of this picture, a female cashier is working at the check-out counter and she is wearing eye glasses and a blue uniform. On the left side of this picture, a female customer standing right in front of the check-out couner is handing over her credit card to the cashier. In the background, I can see some people standing in line at the check-out counter, and I can also many items displayed on the shelves. Judging by the picture itself, it seems that the store is crowded with many shoppers.

파트 3-p91

4 번.

Well, it depends on the situation, but in general, I do online shopping once a week, and I usually buy clothes, shoes and books online.

5 번.

(Well, let me think) In my case, price is the most important thing that I consider when I buy a product online. This is because I don't have much money to buy an expensive product as a poor college student.

(brand-name 으로 답가능)

In my case, brand-name is the most important thing that I consider when I buy a product online. This is because as you know, brand-name guarantees high quality products and I can trust them.

6 번.

I think there are some advantages of online shopping. One advantage is that I can easily do online shopping at anytime, from anywhere without going out shopping as long as I have an internet connection. In addition, as you know, online prices are cheaper than offline prices.

파트 3-p95

4 번.

Well, it depends on the situation, but in general, I go to a coffee shop once a week, especially on weekends. I usually drink a double-shot latte in a large size cup.

5 번.

In my case, I do many things at a coffee shop. For example, I usually surf the internet or listen to music. Sometimes, I read a book or a fashion magazine.

6 번.

Yes, I do. This is because as you know, nowadays, many people have easy access to the Internet through their smart phones or tablets. So, in this regard, internet access is very important when I choose a coffe shop. For example, if a coffee shop provides free Wi-Fi internet access, I would go there very often because I don’t have to pay extra money for Internet use.
