파트2 사진묘사-도서관사진

This is a picture of a library. There are three people in this poicture. They are sitting around the table while smiling. An African-American man sitting on the left side of the table is wearing a striped T-shirt. Next to him is a woman wearing a yellow T-shirt, and she is holding a pen in her right hand. Next to her is another woman with long brown hair. There are some items such as two lap-top computers, files and folders on the table. In the background, I can see many book shleves filled with many books, and they are neatly arranged. Judging by the smiles people are wearing in this picture, it seems that they are having a good time.

In my case, I usually watch a comedy TV program with my family or my friends. This is because watching a comedy TV program makes me feel good, especially when I am stressed.

6번.

In my case, I prefer to watch foregin TV programs rather than domestic TV programs. This is because as you know, I can learn about different cultures from different countries when I watch foreign TV program. For example, I can learn foregin language like English when I watch American soap opera. In addition, I can have indirect experiences when I watch foreign TV programs.
