Part 2 – Interesting place

It's the second biggest city located in the southeast of South Korea, and it took me about 3 hours to get there by train. I went there because I wanted to enjoy some nature and Busan is famous for its beaches and the sea, so it was the first thing that came up to my head. Also, my best friend 승화 is living there and she volunteered to show me around the city, so it sounded like a good opportunity to both enjoy the city and see my friend in a long time. While I was staying there for 2 nights, I did a lot of things. I went sightseeing to famous places like 해운대 beach, 국제 market, 자갈치 market, 해동 용궁사, the beautiful temple on the shore. Also, I had lots of delicious food like Korean traditional piazza, 파전, a pork stew, 돼지국밥, and a variety of seafood and raw fish. Every moment, I was amazed and full.

Part 2 – Interesting place

The reason why I found Busan interesting is because it has all the touristic attractions. I mean, it's got beautiful nature with the beaches and mountains, interesting architectures like the temple, which is the only temple on the shore in Korea, good shopping places like 자갈치, and 국제 markets, and nice food. Also, there are a number of places which were in the famous Korean movies. For example, one shop called 꽃분이네 became very famous because it was in the movie, 국제시장. So, I think in Busan these are all the elements one tourist place should have. If you haven't tried it yet, I strongly recommend it.
