Library Lockers Available

We are pleased to announce that a limited number of lockers are now available in Elpis Library for 4th year students who need a place to store library materials for research papers and graduation thesis. All 4th year JSM University students are eligible for lockers except students who have a study carrel space in the Main Library. Lockers are available at several locations on most stacks floors. Lockers are allocated in order of application and assigned at the beginning of each academic term. Only personal materials and checked-out library materials may be kept in the locker. Non-circulating and uncharged materials are not to be stored in the locker at any time.

Note-Taking

- R: 4th year students are now allowed to use lockers in the library.

Listening

M: Wow, finally lockers are available to students at the library. Ooh.. think about all the books that we've been carrying around..... now I can apply for the locker and store all the books there.

W : Nope, I think you completely misread the announcement.

M : What do you mean?

W : Well, first of all, the lockers are not for everyone but only for 4th year students. And since we are still second year students, we gotta wait two more years to even apply for the lockers. And I think it's really unfair for us; we too, have a lot of books to carry around and a lot of papers to write just like any other student.

M : Oh, I clearly missed that part then. I thought we all were eligible for the lockers.

W : No, not at all. Anyways, not only that, the lockers are all located in the corner of the stacks floors. Have you seen them? I think that's a wrong place to put the lockers, don't you think?

M : Huh? Why?

W : Well, since the circulation desk is all the way on the opposite side, people might not check out books properly.

M : What do you mean?

W : What I mean is, if the lockers are not located right near the circulation desk, many students will feel tempted to use books and keep them in their lockers without checking them out first.

M : I see. Then the library will lose track of those books, which can cause serious problems for all of us!

W : Exactly!

Note-Taking

➤ R: 4th year students are now allowed to use lockers in the library.

W: X

1) Only for 4th yr stu. – unfair (many books to carry/ same amount of work)

2) Place – X (circulation desk – too far – X check out) → lose books

2. Listening

The woman in the dialogue thinks that this is a really bad idea. She gives two reasons.

3 Reason 1/2

First of all, she says that it's unfair for those who aren't 4th year students because they also have the same amount of work to do and carry many books. So, she thinks this is an unfair decision by school.

Secondly, she mentions that the placement of the lockers is wrong, too. Since the circulation desk is so far from the lockers, students might not check out the books properly. Then, this can cause another problem like library losing track of books.

4. Conclusion

So, for these reasons, she thinks this whole decision is a really bad idea.

School of Engineering Orientation

Welcome back from the summer break! Once again, the faculty of the School of Engineering will be hosting its annual orientation activities; but this year, due to students' complaints, there will be a few changes. In previous years, the faculty hosted a barbeque and a hiking trip on the first weekend in September. This year, however, the events are scheduled for Wednesday, September 20th, between noon and 4 o'clock. Additionally, students can choose which of the planned events they wish to attend. Students may sign up for the preferred activity on the webpage of the School of Engineering by noon on the 19th.

Listening

M : Hey, did you hear about orientation this year?

W : Yeah, it was a smart move switching it to a Wednesday.

M : Oh, you think so? I couldn't understand why they changed it.

Don't most people have more free time on the weekend?

W : Not at the beginning of term. We're all running around doing so many different things - buying books, registering for classes, getting set up with our housing. We really need the time on the weekend to do those things. If you lose your pace at the beginning, it kinda continues to the end. You remember? We actually talked about this last semester!

M : Yeah, I remember! And that's true. It was a bit of a hassle to go to orientation on the weekend last year.

W : Not only that, I'm also really happy that students get to choose their activity.

Last year, we had to go to the barbeque and go hiking. The hiking was so boring, but I didn't have any choice.

M : Yeah. I remember that. I am happy that we have an option in the activities, too. I'd probably want to go to the barbeque, but I can do without the hiking.

W : I'm with you! I don't want to waste time doing stuff I'm not interested in. Just have some food and take off.

M : Maybe we could do something together after the barbeque.

W : That sounds good.

Note-Taking

R : The orientation schedule for the engineering dep. has been changed from weekend to Wednesday.

남 : 이번 오리엔테이션 얘기 들었어?
 여 : 응, 수요일로 바꾼 건 현명한 처사야.
 남 : 어, 그렇게 생각하니? 난 왜 바꿨는지 이해가 안 돼. 대부분의 사람들이 주말에 더 시간이 많지 않아?
 여 : 학기 초엔 그렇지 않아. 모두들 책 사고, 수강 신청하고, 숙소를 마련하는 등 많은 일을 하느라 바쁘게 돌아다녀. 그런 일들을 하려면 정말로 주말에 시간이 필요해. 만약 처음에 속도를 맞춰가는 것을 못하면, 끝까지 그렇게 되잖아. 기억나? 우리 지난 학기에 이거 이야기 한적 있잖아?
 남 : 맞아 기억나! 맞아. 작년엔 주말에 오리엔테이션 가느라 정신이 없었어.
 여 : 그뿐만 아니라, 학생들이 활동을 선택할 수 있다는 것도 좋아. 작년엔 바비큐와 등산에 가야 했잖아. 등산은 정말 지루했지만 선택의 여지가 없었지.
 남 : 그래. 기억나. 실은 나도 활동이 다 선택사항이 되어서 좋아. 나는 아마 바비큐는 가고 싶은데, 등산은 가지 않을 거야.
 여 : 나도 그래야겠다! 좋아하지 않는 일을 하며 시간을 낭비하고 싶지 않아. 음식만 좀 먹고 자리를 뜨자.
 남 : 바비큐 끝나고 우리끼리 뭔가를 할 수도 있을 거야.
 여 : 그거 좋은 생각인걸.
