Describe a house that you have lived in. → 과거의 사실 / 특징, 설명

Please include specific details in your description.

Sample Answer

When I was very young, my family lived in an old farm house.

It was in a nice rural area outside of Seoul, so there were many trees and a lot of grass. There was also a field with horses in it next to our house, so my brother and I always used to watch them run around.

It was an old stone house.

Even though it was a little cold during the winter, it was nice and cool in the summer.

I can still remember those winter mornings when the floor was icy cold.

But, it was a wonderful place to grow up.

❖ Skill Practice 6

Where is your favorite place in your city and why? → 아이디어 / 이유와 근거

Please include specific details in your description.

Sample Answer

I guess my favorite place in Seoul, where I live, would have to be Seoul Tower. It's a big tower on the top of a mountain. There's a platform where you can look out over the whole city. It's an amazing view, especially at night when you can see all of the sparkling lights. While walking around downtown Seoul or its neighborhoods, you don't really have a sense of how huge it is. But from Seoul Tower, you can see almost the whole city, so it's really impressive. That's why I like to go there quite often.
