Unit 12

Questions 1-3 refer to the following talk.

Good morning, everyone. I'm glad you could join us today for our bus tour of the castles and historic sites of Ireland. My name is Liam O'Donnell and I'll be leading the tour today. Now, before we leave for our first destination, I'd like to go over some things. During this time of the year, Ireland can be extremely cold and wet, and many travelers come unprepared and unsuitably dressed for the climate. Because of this, I highly recommend that you bring a waterproof jacket with you. If you don't have one, a cheap plastic rain jacket can be purchased in the bus terminal gift shop. It is also advised that you use a bathroom whenever possible, as the journey times between destinations can be rather long. We will be boarding in about fifteen minutes, so please have your tickets ready.

Unit 12

Questions 7-9 refer to the following introduction.

Nice to see you all today! Allow me to introduce Mr. Brandon Tyson, our new sales representative. Since our cell phone products have gained popularity, it has become necessary to hire more salespeople. Mr. Tyson has had experience selling phones at smaller companies, but he has never worked for a firm as expansive as ours. I'd appreciate it if you could all take the time to assist him during his first week here. I'll be training him in product knowledge this morning before he observes our senior sales representative, Mr. Martin Moore, for the remainder of the day.

Unit 12

Questions 13-15 refer to the following talk.

Good evening ladies and gentlemen and welcome to the 7th Beyond Technology Convention. As with every year, this year's event will be filled with workshops, product demonstrations, and various exhibits showing off the latest in computer technology. However, we are offering something new this year. We've developed an app specifically for this event, and all participants can download it for free from our Web site. The application can be used on your smartphone to locate booths and receive notifications on event start times. Ahm... One note though: "for those planning to attend the advanced coding workshop today, we've had a last minute switch. It will be held in the Eaton Room, not the Jarvis Room. Okay. Now, I'd like to introduce our first presenter, Ms. Moore, President of Innovate Corporation.
