Let me briefly explain.

We should plan this as a new undertaking.

- undertaking (중요한·힘든) 일, 프로젝트

You are absolutely right.

The work you are dealing with now will be essential in the future.

- deal with 다루다, 취급하다

I think we need to start preparing now so that we can act quickly.

We should deal with this project from a long-term perspective.

This problem is more important than anything else.

It is good to be fast, but we would rather take our time and do it right.

We have to be prepared for a certain amount of friction.

Unless we act now, Europe and the US will take the initiative.

- initiative 주도권

If you don't do something now, it will be too late.

We cannot waste all the efforts we have made up to now.

Please excuse me for being blunt, but I think we should cancel the whole plan.

- blunt 직설적인, 통명스러운

We should start all over again and think about a new plan.

It's too early to draw a conclusion.

We have a fifty-fifty chance of succeeding, so the only thing we can do is do our best.

We can't succeed in overseas markets with that price.

We need to act decisively on violations.
